WATER & FILTRATION

55 GALLON WATER STORAGE & FILTRATION SYSTEM

This complete in-home water storage and filtration system allows you to access water from all areas and resources of your house while ensuring it's clean and drinkable for your family in any emergency situation. Now you can consider your water heater, sink faucets, and exterior water spigots as go-to options for water.

The 55 gallon Water Barrel is BPA-free and produced from food-grade Polyethylene. You can rest assured that your family has the water that they need with safe, potable water for drinking, cleaning, cooking and sanitation. *As a general rule of thumb, you should plan on a minimum 1 gallon of water per person per day: 2 quarts for drinking and 2 quarts for cooking and hygiene.

Includes:

- 1 55 gallon food-grade water barrels (22.5"w x 35"h)
- 1, 6-foot siphon hose with hand pump
- 2 bottles of Aquamira® water treatment drops
- 1 bucket/barrel lid opener
